The screenshot shows the Tableau Desktop interface with the 'netflix_titles' table selected. The interface includes a sidebar with 'Connections', 'Files', and 'New Union' options. The main area displays a data preview of the 'netflix_titles' table, showing columns like 'show_id', 'type', 'title', 'director', 'cast', 'country', 'date_added', 'release_year', 'rating', 'duration', 'listed_in', and 'description'. A red box highlights the 'Connection' tab in the top right corner, which shows 'Live' and 'Extract' options. Below the data preview, there are instructions for relating tables and adding base tables for multi-fact analysis.
